The African American Freedom Struggle in St. Louis

#1 in Civil Rights: The African American Freedom Struggle in St. Louis examines the local civil rights movement and the city's leading role in advancing the cause of racial justice. From ground-level activism to groundbreaking court rulings, St. Louis has been front and center in contesting racial inequities. #1 in Civil Rights uncovers a history that's compelling and complex, but that all too often has been overlooked in the telling and retelling of the larger national narrative.
